That my child feels challenged by the material	158
That new material is introduced	166
That there is enough work to keep my child occupied throughout the day	153
That my child feels supported and has direct contact or ability to interact academically in the virtual setting with their classroom teacher and classmates	279
That my child is receiving feedback on their work either through the teacher or peer review	250

Parent Thoughts

“Over the past 4 months I’ve truly learned how important in person teaching is for the kids to truly learn and understand, however my main concern is no matter what is being done to keep kids safe at school every person is not exercising those same precautions.”

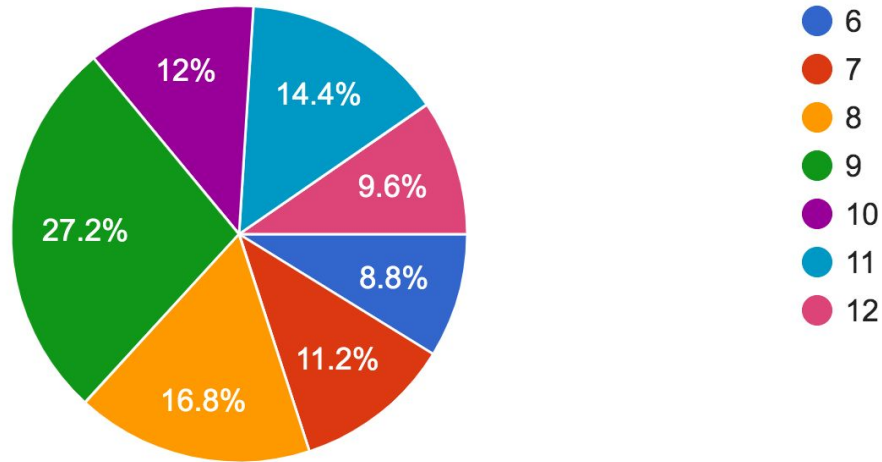

“I also think daily updates are necessary to parents/guardians.”

“That parents are equally aware of the curriculum”

What supports would be helpful when we return to school?

Just feeling safe

I am scared that I am going to get COVID-19

6ft distance

Mask, gloves and social distance

40 out 125 students (32%) surveyed left their email or phone number to be contacted by someone in the district

Counseling would be a great support. A lot of people might have had a loss due to this pandemic and feel comfortable talking to a counselor.

Finding comfort around this new way of life

A distress room so we can talk to someone about how we are feeling
